August 2017

Dear Parents/Guardians,

As part of No Child Left Behind (NCLB), all schools must employ teachers and paraprofessional staff who are highly qualified. This means that your child's teacher must have a bachelor's degree and be fully certified by the State of New York. Also, your child's teachers must pass state mandated tests or meet comparable requirements for the grades and subjects they are instructing. Under NCLB, schools that receive Title I federal funds may only hire new teachers if they are highly qualified.

At this time, all of our classroom teachers in the Plattsburgh City School District meet the above qualifications.

If you have any questions/concerns regarding this letter, please do not hesitate to contact me at Stafford Middle School.

Enjoy the rest of your summer.

Sincerely,

Trevor P. Cameron
Stafford Middle School Assistant Principal
Title I District Coordinator
