Tenet 2 - School Leader Practices and Decisions: Visionary leaders create a school community and culture that lead to success, well-being and high academic outcomes for all students via systems of continuous and sustainable school improvement.

Rating **Statement of Practice 2.2:** The school leader ensures that the school community shares the Specific, Measurable, Ambitious, Results-oriented, and Timely (SMART) goals/mission and long-term vision inclusive of core values that address the priorities outlined in the School Comprehensive Educational Plan (SCEP).

<input type="checkbox"/>	Highly Effective	<p>a) The SMART goals/mission and long-term vision are created and supported by staff, families, and students and are uniformly seen, heard, and known across the entire school community and affiliated partnerships.</p> <p>b) The school leader champions the implementation of a data-driven mission for student achievement and well-being and holds the school community of stakeholders accountable for working to realize the long-term vision and the school priorities as outlined in the SCEP and other school improvement documents.</p> <p>c) The school leader and community stakeholders regularly monitor and evaluate progress toward attainment of SMART goals and priorities in the SCEP that are aligned to the long-term vision, making adjustments when goals are not achieved, improvements are needed, and priorities become misaligned.</p>
<input type="checkbox"/>	Effective	<p>a) The SMART goals/mission and long-term vision are created and supported by a representative group of staff, families, and students and some affiliated partnerships.</p> <p>b) The school leader shares a data-driven mission for student achievement and well-being with the school community of stakeholders and has a plan for how to work together to realize this long-term vision and the school priorities as outlined in the SCEP and other school improvement documents.</p> <p>c) The school leader and community stakeholders monitor and evaluate progress once or twice a year toward SMART goals and priorities in the SCEP aligned to the long-term vision.</p>
<input checked="" type="checkbox"/>	Developing	<p>a) The SMART goals/mission and long-term vision are created with limited input by stakeholders, and are in the process of being shared with staff, families, and students across the school community.</p> <p>b) The school leader has a data-driven mission for student achievement and well-being, outlined in the SCEP, and is in the process of developing how the school community will work to realize the long-term vision.</p> <p>c) The school leader is in the process of adapting SMART goals that better align to the long-term vision, or these SMART goals exist but are not monitored and evaluated.</p>
<input type="checkbox"/>	Ineffective	<p>a) The SMART goals/mission and long-term vision are unknown, not commonly understood, and/or have not been shared with staff, families, and students across the school community.</p> <p>b) The school leader has not developed a data-driven mission that is connected to the long-term vision.</p> <p>c) The school leader has not developed SMART goals or the current goals are not aligned to the long-term vision.</p>

If the SOP rating is **Effective**, **Developing** or **Ineffective**, please provide a response in the areas below.

Actions in this area to be taken to improve the identified subgroup(s) student performance levels.	The district is currently working on a strategic plan to prioritize goals. The SMART goals/mission and long-term vision will be created and supported by staff, families, and students and will be uniformly seen, heard, and known across the entire school community and affiliated partnerships. Additionally, the
--	---

	school leader will implement a data-driven mission for student achievement and well-being and will hold the school community of stakeholders accountable for working to realize the long-term vision and the school priorities as outlined in the SCEP and other school improvement documents.
Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels.	The district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels include the following: District-building-classroom connections; Teacher feedback on key issues
Describe the professional development activities planned to support the implementation of the actions in this area.	The professional development activities planned to support the implementation of the actions in this area include the following: PD for staff from building admin on SMART GOALS
Timeline for Implementation of Activities and Professional Development – Please provide milestone dates for the planning, implementation, and review of activities implemented in this area.	Timeline for Implementation of Activities and Professional Development will be ongoing for the 2015-16 school year. This is a three year plan.

Rating	Statement of Practice 2.3: Leaders make strategic decisions to organize programmatic, human, and fiscal capital resources.	
<input type="checkbox"/>	Highly Effective	<p>a) The school leader collaborates with staff to create and use transparent systems and protocols that afford students and teachers the ability to fully benefit from a flexible and thoughtful program, which includes a creative expanded learning time program, that are aligned to student achievement.</p> <p>b) The school leader strategically recruits, hires, and sustains personnel. The leader uses a variety of partner organizations to create a pool of internal and external human capital that enables the school to creatively, equitably, and adequately meet the academic and social needs of all students. Where the district makes the hiring decisions, the school leader articulates successfully the need for appropriate staff.</p> <p>c) The school leader analyzes and identifies fiscal capital available to the school community throughout the school year, making on-going strategic and sustainable decisions to fund targeted efforts aligned to school-wide goals, considering the needs of all students and staff members. Where the district makes the fiscal decisions, the school leader articulates successfully the need for appropriate funding.</p>
<input type="checkbox"/>	Effective	<p>a) The school leader collaborates with staff to create and use systems and protocols for programming for students and teachers, which incorporates an expanded learning time program, that are aligned to student achievement.</p> <p>b) The school leader uses some partnerships to recruit, hire, and sustain personnel that enable the school to meet the academic and social needs of the students. Where the district makes the hiring decisions, the school leader articulates the need for appropriate staff.</p> <p>c) The school leader analyzes and identifies fiscal capital available to the school community throughout the school year, making interim strategic decisions to fund targeted efforts aligned to school-wide goals, considering the needs of all students and staff members. Where the district makes the fiscal decisions, the school leader articulates the need for appropriate funding.</p>
<input checked="" type="checkbox"/>	Developing	<p>a) The school leader uses systems, including an expanded learning time program, for programming for students and teachers that are aligned to student achievement for some groups of students.</p> <p>b) The school leader has taken some steps to secure personnel who will enable the school to meet the academic and social needs of the students. Where the district makes the hiring decisions, the school leader has not clearly articulated the school's needs.</p> <p>c) The school leader makes decisions sporadically on the use of available fiscal capital to fund efforts aligned to school-wide goals. Where the district makes the fiscal decisions, the school leader has not clearly articulated the school's funding need.</p>
<input type="checkbox"/>	Ineffective	<p>a) The school leader does not have systems for programming for students and teachers or the systems, including an expanded learning time program, are not aligned to student achievement, or an expanded learning time program does not exist and there are no plans to create one.</p> <p>b) The school leader is not addressing the need to hire personnel to meet the academic and social needs of the students. Where the district makes the hiring decisions, the school leader has not made an effort to communicate with the district about hiring needs.</p> <p>c) The school leader does not connect the use of fiscal capital to school goals. Where the district makes the fiscal decisions, the school leader has not made an effort to communicate with the district about</p>

		funding needs.

Rating	Statement of Practice 3.4: The school leader and teachers have developed a comprehensive plan for teachers to partner within and across all grades and subjects to create interdisciplinary curricula targeting the arts, technology, and other enrichment opportunities.	
<input type="checkbox"/>	Highly Effective	a) The school leader and teachers consistently use comprehensive and adaptive plans to form partnerships and create interdisciplinary curricula targeting the arts, technology, and other enrichment opportunities within and across all grade levels and subjects. b) Teachers consistently collaborate within and across grades and subjects to deliver interdisciplinary curricula that incorporate the arts, technology, and other enrichment opportunities, and there is evidence that teachers regularly develop innovative strategies for connecting these curricula with subject-specific curricula. c) Teachers consistently collaborate in grade/subject level teams to formally reflect on the impact of the interdisciplinary curricula, take immediate action to make revisions when needed, and ensure that there is a common understanding about what is taught and why it is taught.
<input type="checkbox"/>	Effective	a) The school leader and teachers use plans to form partnerships and create interdisciplinary curricula targeting the arts, technology, and other enrichment opportunities within and across all grade levels and subjects. b) Teachers periodically collaborate within grades and subjects to deliver interdisciplinary curricula that incorporate the arts, technology, and other enrichment opportunities, and there is evidence that teachers regularly develop innovative strategies for connecting these curricula with subject-specific curricula. c) Teachers periodically collaborate in grade/subject level teams to formally reflect on the impact of the interdisciplinary curricula, take action according to a set schedule (e.g., beginning, middle, and end of the year), make revisions when needed, and ensure that there is a common understanding about what is taught and why it is taught.
<input checked="" type="checkbox"/>	Developing	a) The school leader and teachers address interdisciplinary curricula and develop partnerships in the absence of a plan or are in the process of developing a plan to create interdisciplinary curricula and partnerships targeting the arts, technology, and other enrichment opportunities within and across all grade levels and core subjects. b) Teachers are beginning to collaborate and discuss ways to deliver interdisciplinary curricula that

		incorporate the arts, technology, and other enrichment opportunities, or limited numbers of teachers deliver interdisciplinary curricula within grades and subjects. c) Teachers individually reflect on the impact of interdisciplinary curricula, or the school leader and teachers are in the process of planning formal reflection time to discuss the impact of interdisciplinary curricula and make revisions.				
<input type="checkbox"/>	Ineffective	a) The school leader and teachers do not have formal partnerships to address interdisciplinary curricula. b) Teachers do not collaborate and discuss ways to deliver interdisciplinary curricula within grades and subjects. c) Teachers have not developed interdisciplinary curricula, or there are no plans or processes for reflecting and revising current curricula.

Tenet 4 - Teacher Practices and Decisions: Teachers engage in strategic practices and decision-making in order to address the gap between what students know and need to learn, so that all students and pertinent subgroups experience consistent high levels of engagement, thinking and achievement.

Rating	Statement of Practice 4.2: School and teacher leaders ensure that instructional practices and strategies are organized around annual, unit, and daily lesson plans that address all student goals and needs.							
<input type="checkbox"/>	Highly Effective	a) School and teacher leaders ensure that teachers use daily a transparent, targeted plan that is informed by data (summative, interim, attendance, IEPs, NYSESLAT, etc.) and grade-level and school-wide goals for all groups of students. b) Teacher leaders and coaches ensure that teachers use instructional practices and strategies that are adaptive and aligned to plans for groups of students with a variety of needs and learning styles (including students with disabilities, English language learners and other sub-groups) and provide timely and appropriate instructional interventions and extensions for all students. c) Teacher leaders and coaches ensure that teachers use data to establish short- and long-term goals with learning trajectories for groups of students based on identified and timely needs.						
<input type="checkbox"/>	Effective	a) School and teacher leaders ensure that teachers use a plan that is informed by data (summative, interim, attendance, IEPs, NYSESLAT, etc.) and grade-level goals for all groups of students. b) Teacher leaders and coaches ensure that teachers use instructional practices and strategies that are adaptive and aligned to plans for groups of students with a variety of needs and learning styles (including students with disabilities, English language learners and other sub-groups) and provide instructional interventions to students. c) Teacher leaders and coaches ensure that teachers establish short- and long-term goals for groups of students based on grade-level benchmarks.						
<input checked="" type="checkbox"/>	Developing	a) School and teacher leaders are beginning to engage teachers in a conversation about aligning plans to data. b) Teacher leaders and coaches support teachers' use of instructional practices and strategies that are aligned to plans to provide instructional interventions to students, or teacher leaders and coaches are beginning to support the alignment of teachers' instruction to newly developed plans. c) Teacher leaders and coaches are beginning to work with teachers to establish short or long-term goals for groups of students.						
<input type="checkbox"/>	Ineffective	a) School and teacher leaders do not support or engage teachers in a conversation about aligning plans to data. b) Teacher leaders and coaches do not support teachers in the use of instructional practices and strategies aligned to plans, or teachers are not providing instructional interventions to students. c) Teachers have not created goals for groups of students, and there is no plan for teacher leaders and coaches to support this effort.

Rating	Statement of Practice 4.3: Teachers provide coherent, and appropriately aligned Common Core Learning Standards (CCLS)-based instruction that leads to multiple points of access for all students.					
<input type="checkbox"/>	Highly Effective	a) Teachers use instructional practices that are systematic and explicit, based on sequential lesson plans appropriately aligned to CCLS (or content based standards), and reflective of the CCLS SHIFTS to instruct all groups of students. b) Teachers stimulate deep levels of thinking and questioning in students through the use of adaptive CCLS (or content based standards) instructional materials that contain high levels of text and content complexity and multiple strategies to provide a wide variety of ways to engage in learning.				
<input type="checkbox"/>	Effective	a) Teachers use instructional practices appropriately aligned to CCLS (or content based standards) lesson plans are reflective of the CCLS SHIFTS to instruct all groups of students. b) Teachers stimulate student thinking by asking questions through the use of adaptive CCLS (or content-based standards) instructional materials that contain high levels of text and content complexity.				
<input type="checkbox"/>	Developing	a) Teachers are beginning to develop lesson plans that are appropriately aligned to CCLS (or content based standards) and reflective of the CCLS SHIFTS to inform their instructional practices, or some teachers use instructional practices aligned to CCLS lesson plans and reflective of the CCLS SHIFTS in specific content areas. b) Teachers across the school do not consistently ask higher-order thinking questions, or the instructional materials do not contain high levels of text and content complexity.				
<input type="checkbox"/>	Ineffective	a) Teacher instruction is not aligned to CCLS or content-based standards and not based on lesson plans. b) Teachers use strategies and ask questions that require only basic knowledge of the subject and limit ways in which students are able to acquire learning by providing a single point of access for all students.

Rating	Statement of Practice 4.4: Teachers and students work together to implement a program/plan to create a learning environment that is responsive to students' varied experiences and tailored to the strengths and needs of all students.							
<input type="checkbox"/>	Highly Effective	a) Teachers use a program/plan that contributes to positive reinforcements of behaviors by using behavioral expectations that are explicitly taught and promotes an environment in which students are citizens of their class, and there is a common understanding of how one is treated and treats others. b) Teachers work together with students across the school to acknowledge diversity, provide access to learning and social opportunities, and encourage students to have a voice in their educational experience. c) Teachers foster student buy-in and adapt to the changing needs of the student population and collaborate with other teachers to create thoughtful learning environments that incorporate student values and perspectives.						
<input checked="" type="checkbox"/>	Effective	a) Teachers use a program/plan that promotes a common understanding of the classroom environment envisioned by the school community and explicitly teaches students behavioral expectations and recognition of acceptable and safe behaviors. b) Teachers work together with students to use strategies that acknowledge diverse groups of students and their needs. c) Teachers foster student understanding and adapt to the changing needs of the student population and create thoughtful learning environments that incorporate student values and perspectives.						
<input type="checkbox"/>	Developing	a) Teachers have a program/plan for acceptable student expectations and are developing strategies for the program/plan to be consistently enforced or recognized by students, or teachers have a program/plan for acceptable student expectations, but do not enforce it. b) Some teachers use strategies that acknowledge diverse groups of students and their needs, or teachers are developing strategies that acknowledge diverse groups of students and their needs. c) Teachers are discussing strategies that address the changing needs of the student population and reflect student values and perspectives.						
<input type="checkbox"/>	Ineffective	a) Teachers do not have a program/plan that establishes acceptable classroom expectations for behavior. b) Teachers' strategies do not acknowledge diverse groups of students and their needs. c) Teachers do not use strategies that address the changing needs of the student population and reflect student values and perspectives.

Tenet 6 - Family and Community Engagement: The school creates a culture of partnership where families, community members and school staff work together to share in the responsibility for student academic progress and social-emotional growth and well-being.

Rating	Statement of Practice 6.2: The school leader ensures that regular communication with students and families fosters their high expectations for student academic achievement.							
<input checked="" type="checkbox"/>	Highly Effective	<p>a) The school leader, in collaboration with the staff, ensures that staff members are knowledgeable about the school's priority and plan for students to graduate from high school and complete postsecondary education (college, CTE) with advanced competence, and school staff regularly communicate this priority to students, parents, and community leaders in ways that are appropriate for the grade level of the students.</p> <p>b) The school community implements proactively the plan to create diverse and meaningful opportunities for engaging students, families, and community stakeholders in the conversation regarding high expectations for student academic achievement and uses multiple points of entry to provide tips and tools focused on student learning and development.</p> <p>c) The school leader and community review and assess routinely how parents respond to the efforts to build family-school partnerships to foster high expectations for student academic achievement and make timely adjustments if strategies are not working.</p>						
<input type="checkbox"/>	Effective	<p>a) The school leader makes it a school-wide priority for all students and their families to be aware of the school-wide expectations and plan pertaining to graduating from the school and provides age appropriate information about college and postsecondary CTE programs to students and their families.</p> <p>b) The school community implements the plan to foster conversations with students and families regarding high expectations for student academic achievement and provides tips and tools focused on student learning and development.</p> <p>c) The school staff reviews and assesses how parents respond to the efforts to build family-school relationships and makes periodic adjustments to those efforts if strategies are not working.</p>						
<input type="checkbox"/>	Developing	<p>a) Most of the school staff members are knowledgeable about the expectations for student academic achievement, or the school leader is developing a plan to communicate the expectations to students and families.</p> <p>b) The school community is beginning to use a plan to encourage students and families to learn about the expectations for student academic achievement, or a limited number of staff members are having these conversations with students and families.</p> <p>c) The school staff is working to adjust their efforts to build family-school relationships, or only some staff regularly review and adjust their efforts to building relationships to foster high expectations for student academic achievement.</p>						
<input type="checkbox"/>	Ineffective	<p>a) The school leader has not prioritized communicating high expectations for student academic achievement, and there is little or no evidence that staff communicates these expectations to students and families.</p> <p>b) The school community does not promote or engage students and families in conversations regarding student academic expectations.</p> <p>c) The school staff is neither examining nor adjusting the school's efforts to build relationships with students and families to foster high expectations for student academic achievement.</p>

Rating	Statement of Practice 6.3: The school engages in effective planning and reciprocal communication with family and community stakeholders so that student strength and needs are identified and used to augment learning.					
<input checked="" type="checkbox"/>	Highly Effective	a) The school has a comprehensive plan to use multiple, interactive communication tools to provide families regular opportunities for purposeful, strategic, and authentic dialogue about school and student issues and concerns. b) The school staff has a shared commitment to use consistently the plan for communicating with parents and stakeholders (i.e., translating all documents in multiple languages and communicating in variety of ways) to ensure that they clearly understand the school’s priorities concerning student progress, achievement, and needs. c) The school staff regularly monitors the effectiveness of their communication to and solicitations of family feedback in all languages concerning student achievement, needs, issues, and concerns using multiple interactive communication tools and makes revisions to the plan when necessary.				
<input type="checkbox"/>	Effective	a) The school staff has a plan to use multiple tools to communicate with families about school and student issues and concerns. b) The school staff uses a plan to communicate with parents (i.e., translating all documents in multiple languages and communicating in a variety of ways) concerning student progress, achievement, and needs. c) The school staff monitors the effectiveness of its communication in all languages and responds to family feedback concerning issues and concerns.				
<input type="checkbox"/>	Developing	a) The school is creating a plan for communicating with families about school and student issues and concerns in pertinent languages, or the school communicates with families about school and student issues and concerns using the most prevalent languages. b) The school staff is developing a mechanism for sending documents to families in their native languages, or the school staff translates select documents into languages they identify as prevalent. c) The school is beginning to have conversations about the effectiveness of its strategies for communicating with parents.				
<input type="checkbox"/>	Ineffective	a) The school communicates with families about school and student issues and concerns without considering translation needs. b) The school staff does not send translations of documents to families. c) The school does not reflect on its strategies for communicating with parents.

Rating	Statement of Practice 6.4: The school community partners with families and community agencies to promote and provide training across all areas (academic and social and emotional developmental health) to support student success.	
<input checked="" type="checkbox"/>	Highly Effective	a) The school leader, in collaboration with pertinent school staff and community agency partners, has developed a plan to ensure that all staff members understand how to create and sustain high levels of family engagement by teaching all parents ways to support student learning and growth. b) After consulting teachers, student support professionals, and representative parents, the school leader provides professional development to all school staff on how to actively seek and sustain partnerships with families and community organizations that are linked to the school’s plan for engaging parents to support student success.
<input type="checkbox"/>	Effective	a) The school leader, in collaboration with pertinent school staff and community agency partners, has developed a plan to ensure that classroom teachers and guidance staff understand how to create and sustain family engagement by teaching a group of parents, representative of student demographics, ways to support student learning and growth. b) The school provides professional development to school staff on how to actively seek and sustain partnerships with families and community organizations that are linked to the school’s plan for engaging parents to support student success.
<input type="checkbox"/>	Developing	a) The school leader is in the process of developing a plan to teach parents ways to support student learning and growth. b) The school is in the process of implementing a plan to provide professional development to school staff on how to develop partnerships with families and/or the community, or the staff is not fully implementing the strategies in the school’s plan.
<input type="checkbox"/>	Ineffective	a) The school leader is not working on a plan to teach parents ways to support student learning and growth. b) The school does not provide professional development for staff concerning developing partnerships with families and/or the community.

Rating	Statement of Practice 6.5: The school shares data in a way that promotes dialogue among parents, students, and school community members centered on student learning and success and encourages and empowers families to understand and use data to advocate for appropriate support services for their children.	
<input checked="" type="checkbox"/>	Highly Effective	<p>a) School leaders, data specialists, student support professionals, program coordinators, and community agencies share data and integrate data systems in order to identify family needs and target appropriate support strategies.</p> <p>b) The entire school community ensures that student data is shared in a way that families can understand a child’s learning needs and successes, proactively advocate for their children, and partner with the school to provide appropriate student support.</p>
<input type="checkbox"/>	Effective	<p>a) School leaders, data specialists, student support professionals, and program coordinators use data to identify family needs and target strategies to address them.</p> <p>b) The school community ensures that student data is shared in a way in which families can understand student learning needs and successes and are encouraged to advocate for student support.</p>
<input type="checkbox"/>	Developing	<p>a) The school staff recognizes that there is a need to share and integrate data systems to identify family needs, and a plan is being developed to do so, or the school staff uses data but is not working with the school's partnerships to share and respond to data pertaining to family needs.</p> <p>b) The school community inconsistently shares data regarding student learning needs and success that families can access and understand.</p>
<input type="checkbox"/>	Ineffective	<p>a) There is no evidence that school leaders, data specialists, student support professionals, and program coordinators have prioritized or recognized the need to share and integrate data systems.</p> <p>b) The school community does not share data with parents in ways they can understand.</p>

If the SOP rating is Effective, Developing or Ineffective, please provide a response in the areas below.

Actions in this area to be taken to improve the identified subgroup(s) student performance levels.	
Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels.	
Describe the professional development activities planned to support the implementation of the actions in this area.	
Timeline for Implementation of Activities and Professional Development – Please provide milestone dates for the planning, implementation, and review of activities implemented in this area.	

Describe the process use to develop this plan pursuant to Commissioner’s Regulations 100.11.

The process for completing this Local Assistance Plan for 2015-16 is as follows:

1. A LAP team was created and assembled in September of 2015
2. The team reviewed current data and agreed to collect additional data via surveys.
3. Surveys were disseminated to staff, parents, and students to gather critical data on school performance.
4. LAP plan was completed by teachers and administration with input from all stakeholder groups.

The team identified the following as being *Effective, Developing, or Ineffective*. The highest standard being “*Highly Effective*”.

Statement of Practice 2.2: The school leader ensures that the school community shares the Specific, Measurable, Ambitious, Results-oriented, and Timely (SMART) goals/mission and long-term vision inclusive of core values that address the priorities outlined in the School Comprehensive Educational Plan (SCEP).

Statement of Practice 2.3: Leaders make strategic decisions to organize programmatic, human, and fiscal capital resources.

Statement of Practice 2.4: The school leader has a fully functional system in place aligned to the district's Annual Professional Performance Review (APPR) to conduct targeted and frequent observation and track progress of teacher practices based on student data and feedback.

Statement of Practice 2.5: Leaders effectively use evidence-based systems and structures to examine and improve critical individual and school-wide practices as defined in the SCEP (student achievement, curriculum and teacher practices; leadership development; community/family engagement; and student social and emotional developmental health).

Statement of Practice 3.2: The school leader ensures and supports the quality implementation of a systematic plan of rigorous and coherent curricula appropriately aligned to the Common Core Learning Standards (CCLS) that is monitored and adapted to meet the needs of students.

Statement of Practice 3.3: Teachers develop and ensure that unit and lesson plans used include data-driven instruction (DDI) protocols that are appropriately aligned to the CCLS and NYS content standards and address student achievement needs.

Statement of Practice 3.4: The school leader and teachers have developed a comprehensive plan for teachers to partner within and across all grades and subjects to create interdisciplinary curricula targeting the arts, technology, and other enrichment opportunities.

Statement of Practice 3.5: Teachers implement a comprehensive system for using formative and summative assessments for strategic short and long-range curriculum planning that involves student reflection, tracking of, and ownership of learning.

Statement of Practice 4.2: School and teacher leaders ensure that instructional practices and strategies are organized around annual, unit, and daily lesson plans that address all student goals and needs.

Statement of Practice 4.3: Teachers provide coherent, and appropriately aligned Common Core Learning Standards (CCLS)-based instruction that leads to multiple points of access for all students.

Statement of Practice 4.4: Teachers and students work together to implement a program/plan to create a learning environment that is responsive to students’ varied experiences and tailored to the strengths and needs of all students.

Statement of Practice 4.5: Teachers inform planning and foster student participation in their own learning process by using a variety of summative and formative data sources (e.g., screening, interim measures, and progress monitoring).

Statement of Practice 5.2: The school leader establishes overarching systems and understandings of how to support and sustain student social and emotional developmental health and academic success.

Statement of Practice 5.3: The school articulates and systematically promotes a vision for social and emotional developmental health that is aligned to a curriculum or program that provides learning experiences and a safe and healthy school environment for families, teachers, and students.

Statement of Practice 5.4: All school stakeholders’ work together to develop a common understanding of the importance of their contributions in creating a school community that is safe, conducive to learning, and fostering of a sense of ownership for providing social and emotional developmental health supports tied to the school’s vision.

The plan, inclusive of each tenet, includes **actions, resources and professional development** for each tenet that was deemed to be *Effective, Developing or Ineffective*.

Provide any additional information that is relevant to the Local Assistance Plan but is not addressed in the tenets and/or SOPs.
